Kells Bay Cheese. Aged for Two Years.

The Lynch family have lived on the farm at Kells Bay on the Ring of Kerry since the 1700s. Butter was made on the farm until the 1960s with milk from the native, small, black, Kerry Cow, a hardy upland dairy cow, now classified as rare breed. In 2014 Brian Lynch created Kells Bay Cheese using milk from the Kerry Cow. Limited availability of dairy Kerry Cows ensues small amounts of Reserve Kells Bay Cheese for your enjoyment.

The fusion of the sea and uplands helps create our unique, handcrafted farmhouse cheese.

Rind is usually a light-brown colour, and the internal pâte is a rich creamy yellow. The texture is relatively hard and flexible. The flavours are clean, fruity and savoury, nutty, earthy and a little spicy. Can have slightly sweet/salty undertone.

Knockanore Oak Smoked Mature Cheddar

The cheese is carefully made from rich, full cream, raw cow's milk, using traditional cheddaring techniques. This results in a firm but slightly open textured hard cheese with a unique and subtle flavour. The cheese is available in vintage red and white, both aged for a minimum of 8 months as well as varieties made with herbs and spices. The most iconic cheese in the range is perhaps the smoked version – smoked in a special smokehouse on the farm using oak locally sourced in the neighbouring town of Lismore made on the Farm in County Waterford

Oak Smoked Gubbeen

Made by Gina Ferguson in West Cork Gubbeen is a washed rind cheese.

The taste resembles mushrooms with a burnt woody after taste. Our smoking system is the Pinney system; Pinney's of Orford taught our friend Chris Jepson how to smoke his salmon. He designed his smoke box from their clever and subtle design. We wax the Smoked cheese in a black wax from Holland called Ceska; it keeps the smoke in and yet lets the cheeses breath.
